

Manufactures of the Different States—in Virginia and the South.

For some unexplained reason, one portion of the census statistics for 1850 was never completed until a few days ago. We allude to the statistics of domestic manufactures for the different States of the Union. They have been made their appearance, and we here subjoin the official exhibit of the value of the manufactures of the several States for the year 1850:

STATES.	VALUE OF PRODUCE.
Alabama	1,425,876
Arkansas	1,537,968

The above exhibit is anything but agreeable to the Southern States. The figures show that more than one billion dollars worth of manufactures in 1850, the Southern States have only about one hundred and seventy millions, or one-sixth of the whole. Notwithstanding the Southern States furnish all the raw material which constitutes the basis of domestic manufactures, the returns show that she prefers to send this material to the North and buy it back in a manufactured State.

The reason of it is that the South is an agricultural and producing section of the country, and that it has been considered to be cheaper to till the soil and buy these manufactured goods than it is to make them in our midst. This, in a great many cases, is a mistaken idea. Especially is it the case in regard to fabrics made of cotton. Georgia has appreciated this fact, and of late years has gone to manufacturing cotton goods very extensively. We would do the same thing in Virginia, we doubt not, if we realized a sufficiency of the raw material. So marked and evident has been our advance in manufactures, all through the Southern States, that the census of 1850 will show, we venture to say, a much smaller disproportion between the two sections than we are now considering.

In point of fact there is no reason why the North should manufacture anything for us.

COMMERCIAL.

BALTIMORE, Feb. 3.—Flour is dull and nominal. Howard street and Ohio at \$5.75; City Mills at \$5.62; and \$5.75. Wheat is dull and unchanged; good to prime white 150@160; fair to good red 150@155. Corn—White 71@76; yellow is nominal. Provisions are firm and unchanged. Whiskey is firm. Ohio 29c. Coffee is firm, at 11½c.

New York, February 3.—Flour is quiet but steady. State \$5.25@5.50; Ohio \$5.25@5.40; Southern \$5.25@5.40. Wheat is firm; Western white 150@151. Corn is buoyant; 86c. was refused for mixed; yellow 80@83c. Price is buoyant; mess 117½@118½; prime 113½. Lard is firm, at 12½@12½. Whiskey is firm at 27½ (25c). Stocks are firm but dull. Missouri 6's 83½.

New York Cattle Market, February 2.
Beef—Sales to date of 2,500 head at an advance of 1 cent, closing steady at 6 and 10 cents. Pork—Sales to date of 113, sheep—6,000 head at a slight advance, closing steady. Swine—Sales to date of 1,000 head brought 7½c, and distillery 6½c.

Pork Packing at the West.
CINCINNATI, Feb. 2.—The Price Current publishes to-day the annual statement of the pork packing business in the West, showing an increase in number of 226,000 hogs, but a decrease in weight of 64 per cent. The decrease in lard is 74 per cent, and the net increase in the crop, compared with last year, is 79,000 hogs, or 34 per cent.

NEW ORLEANS, Feb. 1.—The market rules heavy for the olive oil, Arabic, and to effect sales to any extent, lower prices would have to be submitted to. The heaviness, however, is most marked in the lower grades, the better qualities being in free supply.

SERIOUS ACCIDENT.—We regret to learn that a very serious accident befel a young servant boy belonging to the estate of the late Capt. Chichester, on Sunday last. It seems that he and another servant boy had gone out hunting on the morning in question, and on their return, near the residence of Capt. E. H. Herbert, one of the boys placed a cap on the muzzle of a barrel of the gun which he supposed was unloaded, and remarking to his companion "Shall I shoot you?" immediately pulled the trigger, and greatly to his alarm his comrade fell terribly wounded. It proved that the gun was heavily loaded with slugs, all of which entered the fleshy part of his thigh, producing a frightful wound. Dr. Gunnell of this place was soon in attendance and adopted such measures as the case required. From the nature of the wound it is impossible to tell what may be its result. This is another warning against the careless handling of deadly weapons. *—Fairfax News.*

FATAL ACCIDENT.—We are pained to learn that James T. Suddoth, Jr., son of Mr. Jas. T. Suddoth, of the neighborhood of Morrisville, in this county, came to his death on Wednesday last week, in a very distressing manner. The circumstances are these: They were engaged in hauling in hay, and the young man leaped from the wagon when the wagon drove up, jumped off on the wagon, running a fork in his groin some several inches. He made an effort to reach the house, but fell and breathed his last after going only a few steps. He was about 17 years of age, and quite a promising youth. We deeply sympathize with his bereaved family in their affliction. *—Warrenton Flag.*

GREAT DESTRUCTION OF WOOD.—On Tuesday night a large quantity of wood, worth nearly \$875, lying near the Half-Way House on the line of the Richmond and Petersburg Railroad, was discovered to be on fire, and despite the exertions used to stop the fire, it continued to burn. Yesterday morning when the accommodation train passed, the fire was raging furiously. The wood was cut for the use of the railroad, and was owned by P. A. Chalkley, esq. The persons living in the vicinity are confident that an incendiary did it. *—Petersburg Press.*

The Orange Chronicle says:—Mr. James Chapman, Executor of R. M. Chapman dec'd, sold a few days since, a lot of land on the suburbs of the town of Orange, near the depot, containing 14 acres, for \$300. Mr. Richard Boulware was the purchaser.

The Suez Canal.

It appears that the Porte is much annoyed at the impulse given to the Suez canal scheme by M. de Lesseps. The Ministers state that the opening of the canal would be attended with more inconvenience to the Porte than advantage; and that at all events, the firm will never be granted for it until a formal and unanimous demand be made by all the powers. Meantime, the Porte has repeated its orders to the Viceroy of Egypt not to allow even the preliminary works to be commenced without the express authorization of the Sultan.

The Boston correspondent of the Worcester Spy, says that John A. Washington's fugitive slave Joe, for whose apprehension a reward of \$500 was offered recently, passed through that city, in company with five other fugitives, on their way to Canada. These tales are often stated, without foundation.

RESUMPTION OF TRIPS TO MOUNT VERNON.
The Tomb of Washington, and Fort Mifflin, will be open to the public every TUESDAY and FRIDAY, to MOUNT VERNON, and the Tomb of Washington, leaving the wharf, at the foot of 7th street, at 9 A. M., returning in time to connect with the afternoon train for Baltimore. Boat fare 75c. Coaches leave the lot at 9 A. M. Boat fare 75c. Coaches leave the lot at 9 A. M.

ALEXANDRIA COUNTY, TO WIT.—Wm. C. Hunter, Alfred A. Hunter, and John Van Cleave, and Julia A. Van Cleave, his wife, formerly Julia A. Hunter, complain of Maria Butolph, and Dorsey Gardner, of a plea of trespass, &c. In the year 1850, the said plaintiffs were seized and possessed, in fee, of a certain lot of ground in the city of Alexandria, to-wit, at the County aforesaid, bounded as follows: Beginning at the east side of Fairfax street, and running thence northwesterly, on Fairfax street 100 feet, to a twelve feet alley; thence easterly with the south line of said alley, and parallel to Prince Street, 20 feet; thence southerly parallel to Fairfax street 100 feet to Prince Street; thence with Prince Street, to the beginning.

And being so seized and possessed thereof, that the defendants afterwards, to-wit, on the 1st day of January, 1859, at the County aforesaid, entered upon the said lot of ground, and unlawfully withheld from the plaintiffs the possession thereof, to the damage of the plaintiffs, five thousand dollars, (\$5,000), and therefore they bring suit, &c.

CONGRESS.

In the Senate, yesterday, Mr. Seward presented a memorial from the State Legislature of New York, praying of Congress a liberal policy in regard to the improvement of rivers and harbors within her limits. He claimed that this was one of the most able State papers that had ever been laid before the Senate. It states that the Government revenue derived from New York City alone, since she had been a port of entry, had amounted to over eight hundred and fifty millions of dollars, and that she now yielded three-fourths of the annual revenue of the United States; referred.

Mr. Seward offered a resolution to admit Messrs. Lane and McCarty upon the floor of the Senate during the discussion of the memorial praying their recognition as Senators; laid over.

Mr. Bayard, from the Judiciary Committee, reported adversely to the Indiana memorial, praying the recognition of Messrs. Lane and McCarty as Senators, and said that on Monday he would call the matter up.

Mr. Brown offered a resolution to set aside Saturday next for the consideration of District business.

Mr. Stuart offered, and the resolution was laid over.

Mr. Houston introduced a bill for the consolidation of two Judicial Districts in Texas, the operation of which is understood to be to legislate Judge Watrous out of office.

Mr. H. was speaking, when the hour of one o'clock having arrived.

The Vice President called up the special order—the Indian appropriation bill.

Mr. Houston. I trust that I may be permitted to go on. I am nearly through, and will consume the time of the Senate but a little longer.

By unanimous consent the Senator proceeded with his speech on the bill.

In the House of Representatives, no quorum being present, a call of the House was ordered. During the call, several members came in, and one hundred and forty-three answered to their names.

Mr. Reagan, of Texas, offered a resolution instructing the Committee on the Judiciary to inquire into the expediency of reporting a bill defining and providing for the punishment of polygamy in the Territories of the United States, and restraining the people and authorities from interfering with the Federal judiciary.

The resolution was adopted.

The consideration of the bill providing for the division among the New York Indians of the reservation in Kansas upon which they are now settled, was resumed. This bill allots 320 acres to each, giving them permanent possession thereof.

The bill was passed—yeas 112; nays 56.

Mr. Faulkner, of Va., reported from the Committee on Military Affairs adversely on the bill to establish a branch of the military academy at the Hermitage, 12 miles from Nashville, Tennessee.

Mr. F. reported from the same committee adversely on the bill for a survey of the upper Missouri and Columbia rivers; also, adversely on the bill to establish a military post in Dakota Territory; also adversely on the bill for the survey of the Columbia river; also adversely on the bill to enable the Secretary of State to use the text of a new method of writing invented by Mr. Hogue, of Arkansas; also adversely on the bill providing for the pay of certain volunteers in the Mexican war; also in favor of printing the reports of Majors Delaford and Mordecai; also, a bill to promote the efficiency of the army by retiring disabled or infirm officers; also adversely on a bill to organize a regiment of mounted volunteers for the defence of the frontier of Texas; also, Senate bill, with an amendment, granting the right of way over the military reservation of Fort Gratiot, Michigan, for railroad purposes.

The last named bill was read a third time, and passed.

Mr. Faulkner also reported, from the same committee, a resolution instructing the Committee on Printing to inquire into the expediency of devising some method of having the President's Message and accompanying documents printed earlier for the use of Congress.

Mr. Letcher, of Virginia, offered an amendment, also requesting the committee to inquire into the expediency of taking means to abolish the present system of charging "double compensation."

Mr. Houston, of Alabama, said that means ought also to be taken to examine these large books called accompanying documents, and prune out the useless matter. Two-thirds of these documents, when printed are entirely worthless.

The resolution was amended and adopted.

Mr. Faulkner, of Virginia, asked that the Committee on Military Affairs be discharged from the further consideration of the memorial of citizens of the States of Ohio, Pennsylvania, North Carolina, and Virginia, praying for the establishment of a national foundry in these States.

Mr. F. stated that the Committee on Military Affairs had been very much divided on this subject, and, considering the brief period remaining for the transaction of public business, the Committee thought that the subject should lie over until the next session.

Mr. F. reported from the same committee a joint resolution for the presentation of a sword to J. T. Caldwell, grandson of Major General Towson, for his meritorious service in capturing the Calabonia, in 1812, in the Niagara river.

FEBRUARY 1st, 1859.—Inventory taken, too many goods; no use for them; could not sing all the music I have on hand in ten years; if ever—*March!* Indemnity: more than I can play on—more Paper than I shall write on in a century—more *Porte Monies* and *Purses* than I ever expect to fill, besides loss of Ladies' Reticules, Cases, Portfolios, Writing Desks, Child Pens, Pens and Pencils, Knives, Scissors, Combs, Brushes, Soaps, Perfumery, Card Cases, Paper Folders, &c., &c. In short I would like to make an exchange with you for a little of the useful. Great bargains may be had for cash before I make my Spring purchases.

GREAT ATTRACTION!—BRYAN & ADAMS

being desirous of making room for their SPRING PURCHASES, have determined to offer their large and elegant assortment of DRY GOODS, at cost for Cash, until the 1st day of March next. A unusual bargain may be expected, and they respectfully call the attention of buyers to examine the goods before purchasing elsewhere.

LOCAL ITEMS.

TOLLS ON THE CHESAPEAKE AND OHIO CANAL.—We understand that at a meeting of the Board of Directors of the Chesapeake and Ohio Canal, yesterday, a proposition to increase the toll on Coal twenty-five cents per ton, was voted down by a large majority.

MEETING TO MAKE PREPARATIONS FOR THE CELEBRATION OF THE TWENTY-SECOND.—It will be seen by a notice in this morning's Gazette, that a meeting of the Military, Firemen, and citizens generally, is called, to be held this evening, at the Armory of the Mount Vernon Guards, for the purpose of making suitable arrangements for the celebration of the Twenty-Second. It is hoped that there will be a large attendance, and that in Alexandria, Washington's favorite city, the day will be appropriately honored.

OYSTERS, &c.—We received yesterday, from Mr. John T. Price, a mess of the finest Oysters we ever saw. They were of an extraordinary large size, and in flavor most delicious. Accompanying the Oysters, were a FRESH POTOMAC HERRING, large and fat, and a live HARD CRAB, both taken down the River. Those who are fond of good eating, and want the delicacies of the season, should call at either of Mr. Price's saloons, one on Union street, opposite the Corn Exchange, and the other under Phenix Hall, at the northwest corner of King and Royal streets.

ORDINATION.—Mr. Robert H. Andrews, was, on Sunday last, ordained Deacon in the Catholic Cathedral, Richmond, by the Rt. Rev. Dr. McGill, Bishop of the diocese.

Mr. A. is a native of Westmoreland county, but removed to this place with his father, the late Robert P. Andrews, at an early age, and was reared and educated among us. He graduated with much distinction at Princeton, in 1855, and will, doubtless, prove an acceptable addition to the ministry of the church, with which he has connected himself.

ALEXANDRIA AND WASHINGTON RAILROAD.—The passengers who passed over this road in the month of January were 13,212 in number—a very good exhibit. The hours of arrival and departure are punctually observed, and every effort made to accommodate the public.

FINANCES OF GEORGETOWN, D. C.—Through the politeness of Mr. Tenney, the chairman of the committee of ways and means, we have had the privilege of examining the able report laid before the Councils on last Friday night, and have gathered from it the following statistical items, suggestions and recommendations.

The financial condition of the town, the committee says, may be set down as follows: The present funded debt of the Corps, \$233,771.00; Outstanding Bonds, \$1,000.00; Aggregated street, 1,000.00; Corporation notes in circulation, 48,307.00; Notes exchanged with C. & O. Canal, 5,000.00; Farmers and Merchants Bank railroad, 6,913.8
